

Somatex has already helped thousands of people around the world...

Watch the video at www.somatex.cz to see the experience of not only users but also health professionals and practitioners.

- **Chronic and various vague health problems may be caused by the influence of geopathogenic zones**
- **More than 80 % of cancer diseases are caused by prolonged exposure to geopathogenic zones!**
- **If you sleep in a geopathogenic zone, your body does not receive a sufficient amount of energy needed to maintain health.**

Somatex is a device that can reliably **eliminate and then completely remove** unwanted influences of geopathogenic, pathogenic and psychosomatic zones, including electrosmog and heavy metals. Somatex was constructed after several years of research and testing. It was tested and verified not only by natural scientists, but also by operators of diagnostic and therapeutic centres using the following devices: Time Waver, Bicom, Life-System, Inergetics CoRe.

Somatex also eliminates other negative influences that affect physical and spiritual health. Somatex is used to evoke overall perfect harmony of body and mind.

It harmonizes the family relationships and improves metabolism and sleep. It is important for the cleanup of both domestic and corporate environment. **The Somatex range radius is 30m** in the

form of a ball around the unit. Its radiation permeates house walls, same as the negative impact of geopathogenic zones.

Adverse effects of geopathogenic zones may manifest differently depending on location, intensity and also sensitivity of each of us. Milder harmful effects of geopathogenic zones (GPZ) manifest as discomfort at the physical or mental level. The physical manifestations include **headache, back pain, spinal disorders, persistent rheumatic problems, stiff muscles and overall internal tension**. From the mental point of view, these are often **nervousness, restlessness, irritability, exhaustion, or inability to concentrate on work**.

Let us give a few examples: constant weakness when getting up in the morning – a feeling of clumsiness, insomnia or restless dreams – children seek haven with their parents (at night), older children change the sleeping place, nervous diseases, digestive tract disorders, chronic catarrh of the throat and the stomach, heart diseases. The variety of potential problems is very broad. In addition to energy depletion, geopathogenic zones may also be the cause behind formation and persistence of oncological diseases.

The Somatex range radius is 30m in the form of a ball around the unit. Its radiation permeates house walls, same as the negative impact of geopathogenic zones.

MODEL RANGE

The Somatex model range includes Lumen (up to 2013 called Harmony), Quantum, Harmonie, Medic and Atlantik.

Somatex Lumen

removes all unwanted effects of all kinds of geopathogenic zones, water crosses, Curry and Hartmann lines, supporting the initiation of regenerative processes in the human body, as well as in animals in the surrounding area.

Somatex Quantum

is a reinforced Somatex Lumen for the location in premises where there are more than 50 people moving throughout the day, suitable for bioresonance centres, massaging, beauty and other salons, shops and businesses, which give us very positive references.

Somatex Harmonie

is based on the Somatex Lumen features and is additionally equipped with frequencies eliminating parasites, viruses, bacteria and fungi; due to non-chemical way of their destruction, the effects occur within one to three months.

Somatex Medic

combines Somatex Harmonie and Quantum with increased efficiency. It is suitable for bioresonance centres, massaging, beauty and other salons.

Somatex Atlantik

adjusts the structure, properties, memory and energetic potential of water, not only according to research by Dr. Masaru Emoto. It removes water burdens that often cause pain in the neck and inadequate fluid intake. According to user experience, Somatex-treated water supports fluid intake, which is very important for the proper functioning of the body and achieving a healthy condition.
