

# EXPLORE THE DYNAMICS OF **POWTECH 2013**

International Trade Fair for Mechanical  
Processing Technologies and Instrumentation

**THE FORUM FOR MECHANICAL  
PROCESSING TECHNOLOGIES -  
FROM 23-25 APRIL IN NUREMBERG, GERMANY**

**[DYNAMICS.POWTECH.DE](http://DYNAMICS.POWTECH.DE)**

NÜRNBERG MESSE

**DYNAMICS.POWTECH.DE**

## **THE DYNAMICS OF POWTECH – A CHANGING INDUSTRY**

Analysing, size reduction, screening, mixing, conveying, dosing and compacting – mechanical processing technology is full of dynamic processes. Update on the latest products and solutions and discuss your questions direct with the experts on the stands – because POWTECH is solution-orientated. Its depth of coverage will convince you too. Profit from a globally unique variety and discover surprising potential synergies – at POWTECH 2013!

## **A QUICK OVERVIEW – PRODUCTS ON DISPLAY**

Basic processing technologies for powder and bulk solids | Plant engineering and processing components | Particle analysis and characterization | Nanoparticle technology | Measurement and control | Safety and environmental technology | Services [powtech.de/products](http://powtech.de/products)

## **COMPACT KNOWLEDGE – THE SUPPORTING PROGRAMME**

Bring your knowledge right up to date – with POWTECH's extensive presentation programme! You can look forward to highlights such as:

### **PARTEC 2013**

International Congress on Particle Technology

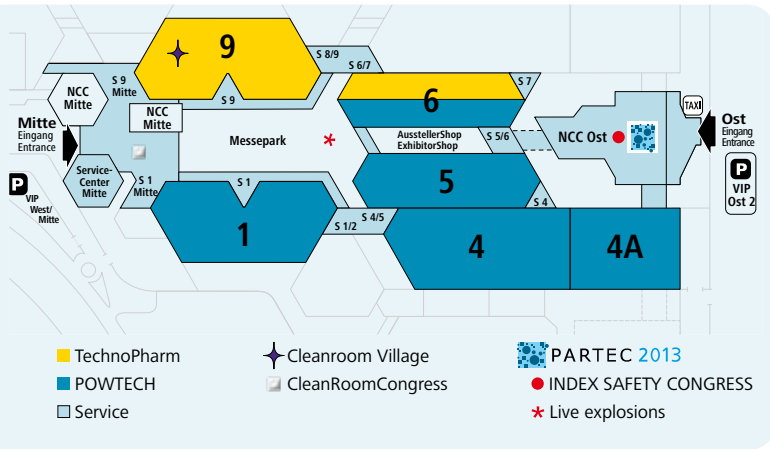

### **Everything for explosion protection**

INDEX SAFETY CONGRESS, demonstrations of live explosions, panel discussions and tour of the exhibition

### **Exhibitors Forum**

Practical presentations on cutting-edge developments in mechanical processing technologies

Current information and the detailed presentation programme are obtainable at [powtech.de/supportingprogramme](http://powtech.de/supportingprogramme)

## CLEAR ANSWERS

Easy preparation and wrap-up of your exhibition activities with the help of our industry platform:

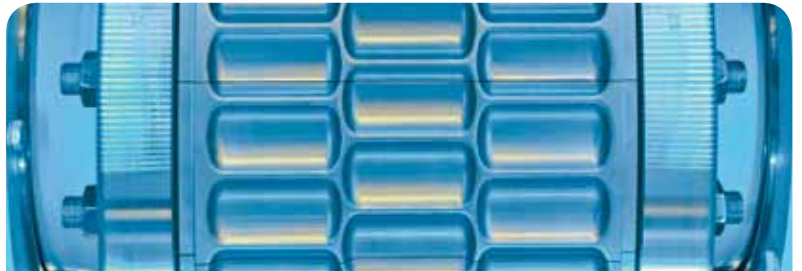

- Information at a glance with details on each and every exhibitor, product and novelty online. Daily more and constantly updated.
- Easy-to-use, quick and extensive search function – results can be filtered, sorted, saved and recommended.
- A variety of helpful tools for individually planning your activities for the exhibition, including online scheduling of meetings.
